AGENDA ITEM 4a
TAC Meeting
June 1, 2023

DATE: May 25, 2023
TO: Technical Advisory Committee (TAC)
FROM: Stephen Luther, Associate Planner
SUBJECT: Electric Vehicle Charging Planning and Funding Opportunities

Informational Report

Members of the TAC have expressed interest in electric vehicle charging infrastructure planning and grant funding opportunities, in particular any efforts that would benefit from a coordinated regional approach.

Mike Avcollie, Project Manager for the Redwood Coast Energy Authority (RCEA), will share an overview of RCEA's past planning efforts, the state of the regional electric vehicle charging network, and opportunities for funding they have identified. RCEA currently owns and operates charging stations at locations across the County and has completed advanced planning such as the North Coast Plug-in Electric Vehicle Readiness Plan. RCEA is currently engaged in a Medium- and Heavy-Duty Zero Emission Readiness Blueprint.

Following Mike's presentation, HCAOG staff will lead a discussion about possible funding opportunities and next steps.
